Need to Take it to The Streets?

The facts are straightforward:

- 1 You have a great product, service or opportunity, but your sales force can't cover the kind of ground you need to get the word out quickly or consistently.
- 2 You need an on-call or cold-call team to keep your name top-of-mind with the general public.
- 3 Your traditional advertising purchases aren't bringing the results you expected.

Blitz Marketing has you covered.

- 1 We act as your first-contact team, distributing literature or samples, collecting business cards of potential customers, answering basic front-line questions.
- 2 We become your cold-call team, stepping in when you need us to "blitz" distribute your marketing or promotional materials across the area you set, in the time frame you require.
- 3 We save you thousands of dollars over traditional advertising buys.
